

## Cantilever Desk

Environments that Inspire Learning

### Features

**Frame:**

- Frame is formed from 1 1/4", 13-gauge, round tubular steel. Each leg is one tube running side-to-side with added steel tubing support on each side

**Work Surface:**

- Work surface is available in 29 1/2" height
- 20" x 26" desktops are available with a hard plastic or laminate surface in two edge styles

- Laminate Tops features a 5/8" thick MDF core with a high-pressure laminate surface and phenolic backer sheet to minimize warping. Edges are sealed with a light neutral paint or black polyurethane LockEdge that offers easier cleaning and added durability.
- Hard Plastic Top is formed from 5/8" thick high-impact, solid plastic that has been molded into a homogeneous unit by heat and pressure

### Specifications

Model	Work Surface Height	Leg Type	Frame Width	Frame Depth	Top
