NeoMove™ Elliptical Cantilever Chair

Features

Seat
- Unique seating offers students the ability to move which is proven to enhance focus, concentration, and attentiveness.
- Bonded rubber shock mounts allow free mobility in any direction providing optimum controlled motion.
- Ergonomics meets versatility with the sleek, injection-molded, polypropylene shell.
- Combining contemporary looks, durability and flexibility, the modern shell design supports active learning environments and makes it easy to rearrange furnishings for student collaboration and interaction.
- The contoured shell provides extra lumbar support, while the smooth back design offers easier maintenance.

- A waterfall seat edge reduces pressure points and promotes better circulation to enhance ergonomic comfort.
- Two handle openings on the top and bottom of the shell boost airflow and enhance portability.
- Available in 6 classic colors and 6 fresh new choices.
- Choose from 5 styles and 4 seat heights.
- Chairs in 18”A+ or 20”A+ seat heights provide a wider, more accommodating shell size.

Frame
- Durable, stable elliptical chair frames are constructed from heavy-duty, .75” x 1.35”, 14-gauge tubular steel.
- Nickel-plated chrome or black powdercoat finishes assure long-lasting durability.
