

Ergonomic Task Chairs

Environments that
Inspire Learning

Features

center-tilt

Chair tilts from a point under that center of the seat allowing you to rock. Tension adjustable.

back angle adjustment

Adjust to change the angle of the back in relation to the seat. Will allow for multiple angles based on individual's size.

seat height adjustment

Raise or lower so your feet rest flat on the floor. This will accommodate individuals of all different heights.

forward seat tilt

Allows chair to tilt forward changing the angle of your thighs in relation to the floor. Allows for full back support when working at a computer.

back height adjustment

Raise or lower to support the lumbar (lower back) region.

width adjustable arms

Adjusts arms inward or outward to match an individual's shoulder span for maximum comfort.

arm height adjustment

Raise or lower so your forearms rest comfortably while typing at a computer and working at your desk.

seat angle adjustment

Seat angle will lock in any position from front to back.
