

Extra-Durable LockEdge Coating is Sprayed on, Creating a Permanent Seal that is Impervious to Bacteria and Moisture

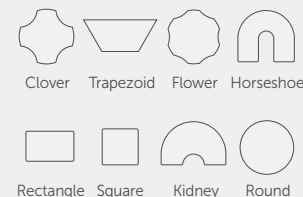

Heavy-Duty 2" Thick, 17-Gauge, Tubular Steel Legs with Protective Rubber Boots

20-Gauge Steel Stretcher Bar is Included on Tables 60" and Larger

Shape Tops

Apollo™ Markerboard Activity Tables with LockEdge

Features

Worksurface

- Encourage student creativity and learning with this height-adjustable activity table featuring a dry erase markerboard surface
- Constructed from a 1 1/4" thick MDF core with easy-to-clean, gloss laminate surface and phenolic backer sheet that minimizes warping
- LockEdge polyurethane coating is sprayed directly on to the table edge surfaces, creating a permanent seal that is impervious to bacteria and moisture for easier maintenance and long-lasting durability
- Tables 60" or longer include a deep formed 20-gauge steel stretcher bar attached under

the top to add structural strength and to prevent any possible sagging

- Available in eight shapes

Frame

- Heavy-duty leg is formed from 2", 17-gauge, round tubular steel that adjusts in height from either 15"-24" or 22"-30"
- A quick set leg system offers easy installation and assembly
- Nickel-plated chrome leg inserts fit into black powdercoat uppers to assure long-lasting durability
- A durable, rubber boot is securely attached to the outside of the leg to protect floors
